DON'T TRY TO FIND
THE RIGHT VOLUME
BY EAR...SEE IT WITH
VISUAL VOLUME!

Back by popular demand, the new Visual Volume™ 10th Anniversary Edition is the finest, most useful volume pedal ever created. Featuring an all new design with a die-cast aluminum housing and blue LEDs, the Visual Volume offers two inputs and outputs for mono or stereo use, a Tuner Out jack for silent tuning, and both active and passive modes with a pre-amp available for clean boost in active mode.
